## POSITIONING

---

From national karting to junior cars and prototype mileage — building a credible, media-ready trajectory toward European endurance racing. New partnership conversations are central to unlocking the next step.

## ON-TRACK FOCUS

---

Alfie stays focused on execution on track while the programme team works with sponsors to fund the step into LMP3 — clear packages, credible reporting, and hospitality-friendly storytelling.

- Reliability and race execution in multi-class prototypes
- Pace progression through engineered tests and mileage, including modern LMP-class equipment
- Physical readiness, media literacy, and a clear public presence for partners and press

## PROGRAMME SUPPORT

---

### Coaching Mark Drain

Race weekends, tests, and race-craft — Alfie coaches Mark through the programme. BBM Sport continuity matters at this stage of the ladder.

### LMP3 · BBM Sport

The next competitive target is LMP3: the right formulae for juniors stepping toward European calendars. Sponsor alignment is actively part of assembling the seat — new partners step into a structured, professional programme.
